Wishes you tranquility & peace of mind that Alba is in a better place.

I first met Alba when my sister & I were hosting a special pancake breakfast for the community. She came & sat with us while waiting for the manager to come in so she could sign her paperwork for residency.

I will miss but, never forget her friendly smile & her emphatic wave when she drove by our home!

Our community not only lost a wonderful member but, more importantly a friend.

If every neighborhood would have a neighbor like Alba this world would be more pleasant!!
