“ I worked with Tony for many years. He was always helpful and would make the time to talk. Last fall, I was able to have a good discussion with him before his fishing trip out west. After the trip he talked about the great time he experienced. Just learned earlier today of his passing. I’m praying for his family to have a peace that passes all understanding.

“ I’m sorry to hear of Tony’s passing. I knew him professionally for a few years and I always thought very highly of him. Unfortunately I had lost touch with him over the past few years and I just found out about his passing. My condolences to his family, I pray that you will have peace.
