MB

“ I Never met you Brenda.. But I wanted to thank you for bringing your son Matthew into this world. He is my light on my darkest days, Laughter when I want to cry and strength when I want to break down. He has brought so much love into my life. You and my mother both passed away on the same days. We Wish you were both here with us when we get married.. But we know you'll be watching over us from the heavens.. Your son misses you so much. You meant the world to him..But im going to take really good care of him and love him the way he deserves to be loved. Always and Forever... Love your future Daughter in law Melinda
