

## Brian French Natwick

February 26, 1971 - December 8, 2021

Brian French Natwick, 50, of Orlando, Florida passed away Wednesday, December 8, 2021. He was born on February 26, 1971 in Elgin, Illinois.

He was a graduate of Mtn. Lakes High School (Class of '89) in New Jersey and got his B.A. in Communications from Chico State (Class of '95). Brian was an Eagle Scout like his father before him. He was an accomplished television producer who was most proud of his 9 years as an Executive at the Pentagon Channel where he won a regional Emmy.

Brian enjoyed sailing on the Chesapeake with his father and children; the Pittsburgh Steelers; and making his loved ones laugh.

Brian is survived by his son, Chandler Robert Natwick; son, James Emerson Natwick; daughter, Lillian Rose Natwick; parents, Robert and Mary Natwick; sister, Theresa Anne Natwick (wife, Andrea Bartlett); sister, Laura Marie Natwick; nephews, Jack and Thomas Mueller; and other extended family and friends.

Services will be held privately at a later date.

In honor of Brian's memory, the family asks for donations to be made to the Wounded Warrior Project as tribute to Brian's support of our troops and their

families.

“ Condolences for your loss. I just found out about Brian's passing and it is incredibly sad. I was fortunate to work with Brian and watch him produce shows for Seals Communications in the 90s. He gave NASCAR reporter, Jamie Little her start on 4 Wheeler TV, produced MotoWorld and other Seals programs. I loved working with him all those years ago. We had a good time working together at Seals and hollering at each other from edit bay to edit bay at all times during the day and some late nights. He was a great guy that will be missed and remembered. I smile when I think of him.

“ I still laugh about the time I met Brian...it was at work...and we still became friends after that. Heaven just got a great producer...long before it was time. My sympathy and condolences to the family. Miss you buddy...Brad

“ Shortly after 9/11 I got a call from Brian. He was working for the Discovery Channel and needed to some how get some stock footage from the Pentagon’s Public Affairs office. So he called his aunt Valerie. He explained what he needed, how the tape was to be used in the Discovery special. So the next day, I went dutifully to the Public Affairs Office, picked up the material and started back out towards the bus stops. Just then I noticed a large group of soldiers, sailors, Marines & Air Force personnel all shaking the hands of the President. I tried to get into the crowd to meet my President. It was a losing battle until a group of Marines pushed me to the front and called to the President. Hearing their shout out - he turned and came directly to me & shook my hand. There was a fire in his eyes one rarely sees that fire 🔥. So thanks to my wonderfully talented nephew - I got to meet & shake the hand of my President. I always thanked him for giving me that opportunity. The discovery channel special was of course amazing. Brian - I owe you one! See you in heaven (if I make it ). Love you always. Valerie
