“ Bud and I spent hours and hours, day after day, year after and year on and off the golf course... as kids and then into adulthood. Bud was a relatively private person but, if you really got to know him, he was a funny, caring and great guy that I was proud to call my close friend! We shared so many great memories together and it's absolutely heartbreaking to know that he has passed. Time flies by so fast... I will always cherish the years and amazing memories we shared. Being with him when he played with Jack Nicklaus, Jr, while Jack Nicklaus himself followed his group, to watching him play on the mini tour, to yes, working at golf courses together, and yes, even watching him break a few clubs over the years :) , i have endless memories. Bud... It's hard to even process that you're gone, but know this.. Loved you man and you'll never be forgotten!!
