“ I will never forget you and everything you've taught me. The many times we went to the beach before work, listening to your stories until 4am, sneaking me food in the storage room 🤪 and when I came out to Portland, having me ride the public bus for the first time, while you carried a big 36" tv and people looking at us like we were crazy, and your amazing cooking abilities to create delicious food, especially your signature Alfredo sauce! You will be missed by so many people David, I hope you know how loved you are! My deepest condolences to Shirley, Evelyn, Elizabeth and his mother and father. You are all in my thoughts and prayers. May you find some comfort during this difficult time 🙏❤️

I wish to send my condolences to his family and friends. I met Dave 10 years ago along with Christina, while playing a game online, During our escape from reality from the real world we had fun together and some great witty banter, Dave and I would play together for hour although it was not it real life, I like to think that we was brothers (because I will always think of him as my Big Brother)and not just friends. I am truly sorry that we never had the chance to meet in real life.He will be truly missed. I wish that I could write more about him, But I am really not good at writing these type of thing,

Dave and I had 8 happy years together sharing our life and great adventures. We moved from Oregon 4 years ago to live in the sunshine. He was my best friend and sole-mate, he has left me with so many great memories. Dave was a happy upbeat guy who loved music, cooking, the beach, kitties, cupcakes, his family and many, many friends. Everything he did, he did with enthusiasm and passion. He worked as a chef and cooked for me often. Baby, I will miss you so very much
