“ I have been trying to find the right words to express how much you meant to me but u know me once I get to talking It never stops. It will never be the same without you here Dad, everytime I hear a loud truck I look thinking it's you and remember it's not 🥹🥹. I am so thankful that I was able to have been a part of your life and that no matter what anybody thought you always introduced me as your daughter. I'm going to miss calling you for advice on what to do with Shayne and his mouth...I can still hear your voice in my head telling me "I Love You Jessy, but let the boy be a boy." There are not enough words to express the impact that you have had not only on my life but Shayne's to... as well as my other 3 kiddos Ayden,Paytan, and Clayton who you always claimed as your grandkids to. Your One Of Kind and Are Missed So Much Already. I know you will be watching over us from above. Thank You for all the great memories I will hold them close to my heart always. I Love You Dad just rest easy with no pain you crazy cowboy 🥹💕💕

“Dirk Alan I have so many memories of all of us together. Mostly at Aunt Audy and Uncle Clifford's house. You were cute as a button and ornery all day long. But I loved you. Spending time at your house and everyone riding that Donkey. Even little Renee. You're with her again. And your Mom. How I miss her. Rest in peace Dirk Alan.

“Dad, I remember those night when your son wasnt by my side you would call and say I'm coming to stay. I love you so much for that not so much for the snoring but you kept me company. You put me in the passenger seat of you truck and rode me around and everytime I cried because I never thought your son would straighten up you always said everything going to be alright. You always made me laugh even when I didnt want to. I love you so much for being Dirk Jr dad but I loved you so much more for accepting me as your daughter. I'm going to miss your laugh, I'm going to miss your hugs with your scruffy face. I'm going to miss yelling at you to take your boots off in my house. And you always saying you did but didnt. I'm going to miss you dad. I love you. I know your at peace. Your free. My free bird. Tell we all fly high with you again you will always be in our hearts. Love always as you always told me Destiny(Rose) Fisher.
