“ *There will forever be an emptiness inside of me that can never be filled, because you were meant to fill it. I've cried so many tears for you Papi.. I wish I had more memories with you. I wish I had beautiful stories to share. I'm sure when I was little we made beautiful memories and I wish I could remember them. I pray to God you knew how much I loved you and cared for you, especially in this past year... I did everything I could from here..Only you and God know exactly how I feel. Papi, te quiero mucho y te extraño como nunca. Until we see each other again...rest peacefully. Love always, Jisellie*

“ *Hi papi I miss you a lot even though we use to bump heads a lot we still had a lot of good times together you me tai and mom.I remember when we were younger you would put on your music and bring out your congas the big ones and the little ones so that me and tai would play with you and you would also make your soup on the weekends and we would all just hangout with each other. I also remember the times when you would take us to Dave's house and we would go swimming with you over there.When times where hard we would try to make each other laugh and do dumb pranks on each other I hope that's what your doing up there with your brothers doing dumb pranks eating soup listening to music and just being you papi. You were a good dad to us all and loved everyone of us you were a good and loving husband to our mom. We love you and miss you so much papi. Rest In Peace 🙏❤️🌹*
