“ I work at Westchester Medical Center and Eustace would periodically come by our laboratory to maintain the equipment. He genuinely cared about his work. But more importantly, he was a genuinely sweet and gentle man. I looked forward to seeing him and he made those around him feel good. I will miss him.

*My deepest condolences to his family on you great loss.*

*Scott Hodgson*

“ My name is Ender Temocin FSE at Philips healthcare NA.

*My wife and I have been working with Eustace. He was one of the best BIOMED and Lab tech I have ever worked. His knowledge was deep and his experience was unreachable. When my wife called me and gave me the news while she was crying I was locked out. When I heard about his passing my whole body chemistry has changed.*

*My condolences to his wife, and his family members.*

*He will be missed.*

*Sincerely;*

*Ender and Ayse Kes-Temocin.*

“ *It is deeply sorrowful & heart breaking to hear about Eustace's sudden, unexpected heavenly abode.*

*Heart felt condolences from us. Lord bless his Soul.*

*My name is Joseph Pottayil (Biomed) & I worked alongside him within Philips Biomed Shop, since Feb 2018.*

*As a co-worker we both enjoyed working alongside together, joked around. His calm temperament even in any stressful situation was one of the traits I admired.*

*His absence will always be felt here.*

*Sincerely,*

*Joe P.*
