“ I worked with Geoff's mom Lesia and from time to time Geoff would call to speak with her. I always welcomed the short but sweet talk we had. So terribly sorry to learn of his passing.

“ With great sadness I say goodbye my friend Geoff. You were one of a kind with so much potential in life. Your intellect, creativity and fast mind were amongst the top I have ever met. Go safely into the beyond and onto the next. Miss you and still think about you often my friend.

Things you said often that I recall -

Two roads diverged in a wood and I - I took the one less traveled by, and that has made all the difference. - Frost

“ Geoff was like a brother to me when we were younger. My entire family loved him. You could just tell he was a special person and I will cherish all the fond memories from our sleepovers. One memory that stands out is that two years in a row I injured Geoff while he was at my birthday party. First, by poking him in the eye with a baseball bat while swinging at a piñata. The next year I wacked him, in the face again, with a putter while messing around mini-golfing. He keep that huge smile on his face like nothing happened and kept playing. He never let me forget it, but he always came back for more. I love you man.

“ Geof and I were friends in California. We became friends over our love of movie quotes. We'd spend hours playing cards and he could always make me laugh. He was one the sharpest kids I've ever known. After he bought his convertible he picked me up and we went to the KFC drive thru in Long Beach. All I could think of is why are we in this fancy car picking up a \$5 bucket of chicken. That's how grounded he was. Not many with his gift could connect to so many people as easily as he could. He was a good friend and will be sadly missed. We pray for his family during this time.

“ Geoffrey I miss you so much. In the short amount of time we were together for a week we became close like brothers. Once we finally got to hang out outside of those walls all you cared about was making sure I continued bettering myself. You got me to where I am at today and I will always thank you for that.

“ When we were growing up, Geoff was always everyone’s “little brother”. He wanted to be a part of everything. He always dressed to impress. Every time he’d smile, his baby face would shine through. He had the most incredible mind and I’m so glad he got to help the world during his time here! May you always be with your sisters and dad Geoff, they’ll need to hear from you often! Rest In Peace now.

“ Oh, Geoff. He was such a funny, smart guy. Some of my favorite memories with him were cooking his mom’s pasta sauce. First, we never remembered the recipe and had to email her. Then, he’d try to add his own special touch to it — sometimes it worked (adding Asiago), sometimes not so much (adding blue cheese). He was a genuine person, who loved people for who they were. I loved him deeply, and am so sorry to hear he has passed. I will hold the memories I have of him closely. My prayers to his family and those who loved him.

ETA: even the blue cheese addition he tried again and figured out a good ratio. Great memories.
