Sending so much love and prayers to Ben, Liz and Ben, Jr... Glenda was one of my longest and dearest friends. She will always have a special place in my heart. I'm so grateful to have had her friendship and love all these years. We enjoyed playing softball, listening to music, going to the beach, camping and hanging out. I remember a couple of years ago, Glenda had her chemo a day before the Breast Cancer walk around Lake Eola and had been so sick that morning. With her sheer determination and strong will.. she not only started the walk in her cute pink outfit but also finished. I will always remember Glenda for her love of her family, friends and the strong will to live! God Bless you Glenda! You made a difference in many lives. I would be remiss not to mention Lois Canada...thank you for being there for Glenda and her family, when they needed you the most 🙏.
