“ I will always remember visiting with Mom Helen, when she would come to Albany to see you Barb. She was always kind and fun to be around. Thinking of you and praying for peace and comfort for all of you during this difficult time. Love, Cheri

“ I wanted to say thank you for being my family since you made beautiful comments on my posting and even some chat during messenger at times. Even we never meet in person, but we will in other life. “ I miss the hello I would get from you every time I walked in the door even if I had just seen you 20 minutes before I ran to the store. You were a huge part of our home for the last 3 years and now I feel there is a void here. You were always there to listen to me when I needed you. You never hesitated to offer help. You were kind, loving and beautiful. You could be difficult at times but that is who you were and I loved who you were. Thank you for accepting me as your daughter in law and loving me as your daughter. I couldn't have picked a more wonderful mother in law. I love you and will miss you always mom ❤️

“Helen was always nice and kind to us when we came to visit. I could close my eyes and see her sitting at the kitchen table with her nose buried in har laptop. We had so nice conversations and I never heard a bad word from her. It was always easy to find Helen all you had to do is come down the hall and follow the clear tubing. Helen , Chris and I miss you with all our heart and hope all your pain has been taken from you. We love you

“ My mom was a wonderful woman and always put others before herself. That is what she loved doing. Being good to others. My mom was a pip and had some awesome times these last 3 years of her life. Did things she had never done in all of her 74 years of life, at which time, we almost lost her. She went on to live 3 more years and had so much fun, made new friends, went to parties, laughed and ate whatever she wanted (cake, candy, ice cream, Stella Doro breakfast treats, M&M's, licorice, jelly beans, hot open roast beef sandwiches, mashed potatoes, loin of pork, tapioca pudding among many other favorites...and we always made sure we had them on hand. Oh, and ginger ale. She was obsessed with ginger ale. Snd, oh, did she love her scratch offs!! Lol She loved her grandchildren so very much. She loved everyone, actually. So much love in her heart and concern for others I love you mom, so very much and miss you every day. It's such a short time since she left us...I look for her every day and probably will for a very, very long time. I love you mommy your Stuffing

Wish we lived closer, only met Helen a few times on my visits. But what a sweet lady. My mom absolutely loved chatting with her.... One of the few people my mom liked to hang with... Won't be the same without her!!
