“ I met Henry when he was 16 or 17 years old. He started working for my ex-husband Philip Madore in the roofing industry. This is where he learned how to be a skilled roofer. I have been trying to keep up with his life and not had much success. He was a good man and a good young man. I did have the privilege of meeting his two boys Jonathan and Christopher when they were very young they lived in presque Isle Maine for a short time. On Chapman Street. This is when Henry and Karen got married at Shane and Pam pelletiers home in Crossville Maine. Karen I would love to hear from you and see how the boys are doing sending you prayers and love I know how hard it can be. I lost my son Kurtis after he went missing for more than 2 years his remains were found in 3 years after he went missing

Hi Nancy. My name is Dave Robidoux. When henry and were 7-8 years old, we were best friends. We played little league baseball together. I was his protector in school. People liked to pick on him for his size. I was always there to fend off the bullies. I git reconnected with him last year thanks to Facebook. It was great catching up with him after all these years. I'm so glad I was able to talk to him again before he passed. May he rest in peace.
