“ Dear Jim,

*I drove past your house over the Christmas holiday hoping to see you about outside. I didn't have your new number and only remembered your old phone number 658-0171.*

*When I drove by last time hoping to catch you outside I saw your Corvette parked just figured you were out.*

*This time I saw your home has been rehabbed completely. I looked it up to see if you sold it because it surprised me to see you sell it. I then saw your Mom listed as the seller and I knew something was wrong.*

*Later today I just found that you had passed last November. I never knew because I saw your cars parked last (March ?) and thought you were still fine and living in your home. I should have made a point of stopping sooner and knocking on the door to say hello.*

*Its been 30 years since I rented that room from you while I went to UCF. It was the first stable home since my Mom lost our home in Plantation when I turned 18 and we both ended up homeless. I lived there almost five years. You were a good roommate/landlord. Although we had some crazy roommates while we both were there.*

*I'm sorry I didn't stop by more often. I just got caught up with other things in life and just took for granted you would still be living there and doing your own thing. I'm devastated to find out you are gone and I never got a chance to see you beforehand.*

*I know you had some agnostic beliefs but I hope you find peace in whatever comes next.*

*I miss you and want to thank you for everything you did for me while I lived there.*

*God bless.*

*-Daniel*

*I am sad to see this that Jim is gone. He was a good guy. He was there to help out his friends, family and neighbors anytime they needed help. He was so kind to children, children just loved him. Dogs & cats, too. Dogs loved to see him. He will be missed. God Bless You Jim*  
*Aimee*
