“ *I met Tony as many others did, with him performing repairs on my car. I soon learned that not only was he a fantastic and incredibly hard working mechanic, but a truly good man. He was a highly intelligent and fearless person who wouldn't hesitate to tackle any challenge he faced. A credit to his community and his people. A devoted and loving family man and a friend to everyone. He was passionate in everything he did and loved being a part of the bike community. He left an amazing legacy and the world seems so much smaller without him. I would like to extend his family my most heartfelt condolences and pray through Gods hands, the love they share and memories hes given them,, they will find solace in each other and peace in their hearts. I will always remember you and miss Tony. Sleep in peace my friend. I know you are in Gods glory and hands.*
