I have never ever followed a case that was so Emotionally taxing and I can’t even imagine what you went through the last four years of George’s life. Don’t think that everyone in this world doesn’t know that Sarah Boone is a EVIL NUTJOB and that she was the aggressor, not your sweet loved one. I know that George is now resting in the arms of our beloved savior and will suffer no more!

I send you my sincere condolences to The Torres family you are all in my thoughts and prayers 🙏❤️🔥 I became interested in this tragic case from the very beginning 02-24-2020 .Your beloved son/brother/uncle/nephew/Father and friend's life was taken from you all way too soon! Never once was his killers explanation believed by the True Crime community.We've all come together as one seeking Justice for Jorge Torres Jr.who in life was a real victim of DV .No matter how many lies she told, We all knew that Justice was not far away because the truth is like the sun "It always comes out.I pray that now that Jorge s name has been restored you all will be able to grieve his loss .I remember seeing Blanca Torres on Fox 35 News and it broke my heart.I too am a mother of 4 adult sons and an adult daughter and we share a bond as close as the Torres family.Jorge Torres Jr.can rest peacefully now that all her lies have been uncovered for the world to see.As Blanca Torres once said that there isn't any hate in her heart against the vile woman who took the life of her beloved son ,Only sadness because unlike her ,Sarah Boone will never have the privilege/blessing of raising her son.The loss of a loved one can never have closure ,May the wonderful precious memories of Jorge Torres Jr.live on forever in all your hearts as I know his loss was not in vain because of his loss male dv is now under the scope.And I believe in my heart that Ms.Boone will be sentenced to Life in prison in exchange for the precious life she callously stole.

“ *I'm a senior lady(Lucinda) from Toronto, Canada. I sincerely send you my condolences and I have trouble describing how much I want you all to be as okay as possible, I could see what a sweet man your son was. I also tell everyone I know about that. I know it's very important to not allow Sarah's misrepresentation of him to taint his name. It's hard to show you with words how much I feel about this. I follow True Crime stories, but I got emotionally involved in this one. I think that after all the video and other evidence, it's glaringly obvious that Sarah was the evil aggressor, not your son, dear parents, not your father, dear children, and dear family and friends. Remember, the jury took less than 1.5 hours to decide and I think they actually decided immediately, and the 1.5 hours was spent crying, being angry, comforting each other and making sure that they appeared to deliberate just long enough to not allow the defense to appeal. I hope that makes you realize that Jorge was not considered bad. I will always remember him and send blessings for you all.*

I'm sitting here watching the trial of Sarah Boone. I can't believe they are not charging Her with first-degree murder, she doesn't deserve 22 years. She deserves life in prison without any chance parole. the fact that she kept hitting his fingers with the bat this angers me I don't know George at all. I am from Oklahoma City. I know that if he was my child. I would feel the same way as you guys do. I have a 49 year old son and if that was my child, I would hurt every day until we would be reunited in Heaven. Praying for all of Jorge's family. Justice will be serve for you Jorge. She was never in fear for her life. He was in fear of his life.
