“ Grandma (mom) you've always tried your best taking care of your kids and grand kids even thou you were set in your old ways, stubborn and difficult to be around with at times, we all now know that it was all done with love. Your old ways has made all of us better people because it has shown us not to be set in our ways and to adapt to changes in our lives. No matter what transpired with family members I'm pretty sure they all still loved you. I'm sorry I wasn't around much but I truly want you too know that I have always loved you and hope that you are finally at peace and know that you will be truly missed. Loving you always CHINO.
