“ *Hard to believe you're gone. Thank you for being an incredible Step Mom, friend and mentor. You're constant love, humor and willingness to take my calls at any hour, helped create who I am today. You will be missed. I'll continue buying the lottery tickets - can you send a few winners? Nancy*

“ *My friend Lois*

*I met her via my momma, Jo Wilson.*

*She was my mommas neighbor.*

*She was a character.*

*Lois was fun friendly and loyal.*

*Smart? Yes ma'am and she had no patience with foolish behavior.*

*She has many good friends because she is a good friend.*

*Lois was proud of her kids. We'd talk about them whenever we chatted.*

*I loved her. She made me laugh, think and helped me navigate through life's challenges.*

*I imagine she and my momma are having a great gab session. Saint Peter's gain is our loss.*
