“ My beautiful sister Mary Anne. It is unbelievable to me that you are no longer here. Who will I call to share my joys or my cares? Who will I laugh with and learn from? If the boys are pelting me with snow balls, who will kick their ass? You have been there by my side my whole life. So smart, kind , loving and generous, the best sister a girl could ever have, I will miss you every moment until we meet again. Love Lulie

“ Mary Anne was the smartest and funniest person I ever knew. Our mother's knew each other forever and there is where the family tie is to the Watt's family. Mary Anne and sister Louise were so entertaining on those Tuesday nights when our mom's went to bingo while we stayed behind and sang along with Mary Anne playing guitar and we would laugh and laugh. One thing I will always remember most about her was her laughter and her smile. A loving daughter, sister, and friend. It will never be good bye my friend as I know you will always be near to those you loved and to those who loved you.

“ *Maryanne was an incredible gifted artist and sister in law- it's still unimaginable to us that she is gone*

This beautiful woman, inside and out, was so wonderful to my wife-

She loved talking to our grandson John Watts- they would long conversations about movies-

We went shopping together this past summer- it was so much fun- she would find humor in almost anything that day- I remember one time at our home in Elgin- she wanted to help out in the kitchen with food we were making for Justin's wedding - she had so much fun using the electric meat slicer- she was a perfectionist

We will all miss her very much- ❤️

Maryanne always said what she thought- she was also incredibly talented in crafts- making jewelry, sculptures, painting and everything she touched- Louise and I will surely miss and love her always-
