“ *Mary was a great mother , she was a strong leader , a teacher of ( of whom I would not havd navigated through my time on earth , a caring mom ( the best way she knew how ) and a phenomenal grandmother.... I truly think she loved that job more than anything else in her life ... being a grandmother suited her ... I only hate that her favorite part of life was cut so short ... I Love You Mary Rutherford you were might guiding light through life and my life will be a lot darker from this day forward.*

“ *Mary was a wonderful sister and mother. Life was a battle but she always faced the challenge and won. Being one of the youngest and she the oldest our relationship was more of caretaker and friend to me. A memory I cherished was spending time in the summer of 64 or 5 at my grandfathers house. We had adventures, met new friends, and she taught me to appreciate the music of the early 60s. Mary will always be in my heart and soul. God Bless her.*
