“ Mike I cannot believe how many amazing times both you and I had spent with each other over the 38 short years we had. Surfing in Hawaii, Bubling in Dublin Ireland, Amsterdam, Skiing in Aspen, Vail, Steamboat, Breckenridge Colorado. The Virgin Islands, Grand Canyon, Chattanooga TN, etc-etc... Regardless of whichever State or Country we enjoyed immensely. The fact remains that "It is not where you go, but whom you go/travel with" Michael Edward Richards II you where always the best brother & wingman I could of asked for... Though you are gone in body I know your Spirit continues to look after the Family, as you always had an Enormous heart just a unique way of showing both love & affection... Miss you big brother and I await until we meet again in RIGHTFULLY SO IN THE LORDS KINGDOM... Love you Notorious...

“ I think I just shared one, but I'm not good at this. Just want to say that I mike was my first love and he always will be. I wish I knew about this sooner. But big mike, gale, Danny, and Larry, I'm so sorry for our loss. May he now rest in peace

“ *The first night we met I remember we stayed up and talked, literally all night. We had so much in common and we both said that we believed everything happens for a reason. Although I don't know the reason for this, I do know that we were brought together for a reason. We needed each other. Even though it was for a short time, you were my best friend. You used to ask me how you got so lucky to have someone like me...but I was the lucky one. You showed me that real, unconditional love was still possible and I will be forever grateful that I got to be a part of your life and feel your love and your caring nature. I think about you and miss you every day..even the smell of you burning the bacon :) I will always cherish the time we had together. I love you more!!*

I don't know you Kari, but I was with mike a long time ago for 7 years. I wish I knew about this sooner, but I don't really do social media. I'm sorry for your loss, you guys looked happy. And even though him and I didn't work out, I'm glad you guys had each other. I'm devastated and my condolences go out to you, gale, but mike, Danny and jayden. Hit me up if you want but either way, I'm so upset. Especially because I just found out 6 months later
