“ *Nonie was the second eldest in a family of 4 boys and 4 girls. She was the eldest daughter. I was the next daughter, eight years younger than her. My late mother always instilled in the older children that they had to be good examples of the younger ones and take care of them. Nonie took this to heart. She worked and studied to become the first college graduate of the family and helping with the family's expenses without fail. I was a working student in the same college where she worked and when I needed money or something else, she was there to help. She was a Good Shepherd nun for over 14 years, and when she left the convent, worked in Education in a couple of universities... She was a mother figure to everyone always ensuring and helping with other people's needs, even in her last days. She was a devoted wife. We love you Sis, we miss you. Memories shared in birthday & holiday gatherings, visits, will keep you alive in our hearts. Happy reunion Up There, with dear Frank, Nanang, Tatang, Norman, Armand and the rest of the gang. Let us occasionally experience the Peace that you have Up There. Love always, Netski*
