“ *I have tried to be strong and to smile at the memories, but I find myself sitting and thinking of our childhood and I miss my sister too much. We have shared many memories over the years, some funny, some sad and some just crazy stuff. Pam was the smartest of the kids in the family and could teach herself anything just by reading on the subject. She was also the most talented in music and art and always had the best garden. She will always have a place in my heart and I will always smile as we share our new birthdays together. Rest in Peace my sis I love you.*

“ *My mother Pamela is a rare and unique individual whom always seen the brighter side of things. She loved cooking and baking. She loved her children & grandchildren and of course her husband. She always gave advice and surprised her grandkids with presents and small gifts to the grandchildren at the end of every school week as a token of her love. She is dearly missed and loved by many.*
