“ Peggy was my best friend for 35 years and I loved her like my family and we were as close as sisters. We stay in touch almost every day. We went to church together. We would go shopping together . WE Her family and mind would get together and cock outs by my pool. I well miss her until we meet in heaven.

“ I remember riding around in grandma's Cadillac!! (She loved her Cadi's).

Staying the night with my cousins Tonya and Tina having girls nights with grandma. We always slept in the living room on the floor or sleeper sofa & there was always junk food!!

The holidays were always a full house with the big family coming & going! New toys and wrapping paper everywhere and the mess never bothered grandma until it was all over.

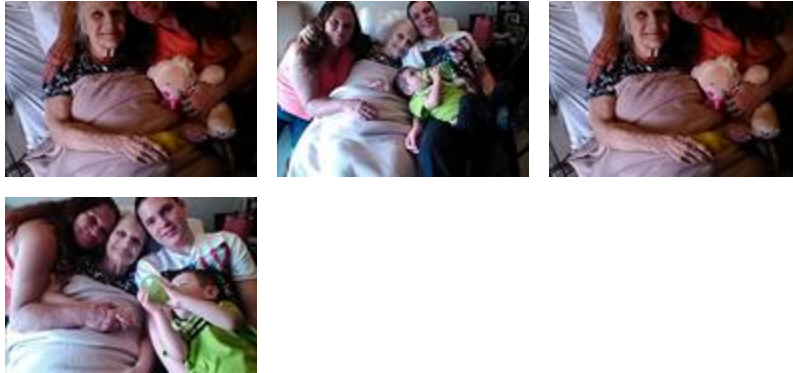

Grandma was always there for you & anyone. Those that needed it the most she never left their side!! She is loved by so many as she loved more than anyone I know!! Xoxo.

“ Grandam you are truly going to be missed and will always be in my heart, I couldn't bring myself to see you in such pain but It brings me great pleasure and peace to know that you will be in heaven with past loved ones who have gone before you. I will always cherish the memories from my childhood in your little house at the end of the street, that's where I remember you being the happiest. God bless you and I love you. Untill we meet again.

“ I have so many memories I don't know which one to share.... The memories that hit me the hardest are the days you first held each of my children in your arms when they were babies. And I'm sure a lot others will agree with there children too. Cause that's when she shined the most! You always made me feel like I done something right in my life when it came to my kids. You always believe in Caleb and always made him feel like he could be anything in the world you would actually say ... Caleb when you grow up your going to be the president! And growing up he would always tell everyone that's what he was going to be. You never let him think anything different. Who knows maybe he will! All I know is the most caring and thoughtful woman I have known and I'm sure I get that from you :) . I will forever hold our memories in my heart. I'm so happy she is healthy and happy up In heaven with her loved ones she had missed. She is the best grandma! With out her none of us would exists! We are the ones that are truly blessed!
