“ I was Pennie's caregiver for only a few months before she passed away. In that short amount of time, she became one amazing friend to me. Always making sure that when I came to see her it would be convenient for me, even after I would tell her she was the one that was there for, don't worry about me. She invited me often to stay for dinner, and was so easy to talk to. It was really hard to see her leave us on this Earth but I know she's in a very happy safe place. I will always love her.

“ My memories of Pennie are way too many to list. She was the best mother in law a woman could ask for. She blessed me with an amazing husband and two beautiful kids. I'll never forget when mike was dating another girl, I came over for taco night and helped clean up and her telling me in the kitchen "mike needs to ditch that b#\*#\* and marry you". Years later we finally did get married and she said to me "told you, you were gonna marry my son." I'm thankful for every fight every celebration every moment I had with her. Rest high mom. I've got your angel babies taken care of.

Love your gift from god. Wink wink

*To Pennie's family I knew Pennie in high school and was even her room mate for awhile. We had only one class in school choir and she had a beautiful voice. I have great memories of her. My prayers are with you all. Debbie and family.*
