May your special memories be a blessing at this difficult time. Ms Ruby was my Mom and I's beautician for many years. She was a very special lady and will be remembered for her kindness to so many. God bless you all.

Ruby Lowery was such a delightful person. I am honored to own one of her baskets in that she was an artist in her creations. She too is one of the original Traditional Artists for the Blue Ridge National Heritage Area and and the Rutherford County Visual Artists Guild.
