“ You were one in a million. Thanks for being a bright light in our lives. Things will be dimmer down here without you, but I know you will shine on up there! Love you so much. Thanks for treating us like your own kids. We are blessed to be part of your great family. Sending love and prayers to Uncle Raul and to all my cousins.

“ I'm gonna miss that smile miss your spunk for life. You fought long and hard and now you can rest easy ( or knowing you not so easy keep dancing and singing). I spent so many days and nights at your house you all became part of my family ( you may not have known about all of them 😊) but you loved me all the same you called me out when I was being bad and I love you for that!! I'm so glad that you and my mom became best friends and you and the girls had so many great times together. Love you Figgy mom !!
