“ 😭😭😭

Mom , I'm still in disbelief your gone. It seems as the days go on it gets harder and harder. I know god needed you more then we did but man do I miss you, I miss picking up the phone calling you to see how you were doing , you were always so strong and let me know you were fine dad was taking really good care of you , I miss all your wise words and help you would give me when it came to the kids. I didn't have to know the answer , because you did.

Mom you were more then my mom you were one of my best friends. I thank you for being such a great mom not only to me but everyone that came in contact with you . You were loved by so many people

Keep watching over us my angel 🙏 I love you so much.

Pray for us all 🙏
